Job Description

The Department of Engineering Management & Systems Engineering (EMSE) at Old Dominion University invites applicants for a Lecturer that will contribute to the growth and development of current graduate programs beginning July 25, 2025. This is a 10-month annual appointment with opportunities for summer teaching.

Responsibilities will include:

- Participation in planning and developing new graduate-level courses.
- Teaching new graduate-level courses.
- Collecting and analyzing data related to programmatic needs and outcomes.
- Help coordinate some of the department's degree programming and curriculum development.
- Mentoring or advising master's and doctoral students.
