Job Description

Industrial Technology and Management (INTM) in the Armour College of Engineering at the Illinois Institute of Technology (Illinois Tech) invites applications for a non tenure-track Teaching Faculty/Industry Faculty position.

The INTM program is designed for the complex, fast-paced, and often high-risk environment of industry – where technical and managerial competency along with ability to lead, communicate, collaborate, and make effective decision are all vital. INTM's value-added curriculum emphasizes the knowledge, skills, and aptitude that are critical to achieving business and operations success in the workplace. INTM offers specializations in Manufacturing Technology, Construction Technology, Facilities

Management, Supply Chain Management, and Industrial Sustainability. These are pillars of a successful business enterprise in the manufacturing and service economy.

Candidates are sought at the Assistant Professor level with an expected start date of August 2025. INTM is seeking candidates with facilities management experience; however, candidates with demonstrated strength across any of the five INTM specializations will be considered. Previous industrial experience is required – for example engineering, management, sales and marketing, or finance. Successful candidates are expected to teach foundational and applied courses in technology and management across multiple focus areas; support oversight and management of programs and coursework in industrial technology and management; advise and mentor students, special projects, and student organizations; build and sustain industry partnerships; and promote the growth of the INTM program.

Illinois Tech is a private, Ph.D.-granting research university with world-renowned programs in architecture, engineering, computing, the sciences, humanities and social sciences, psychology, business, law, and design. The university is ranked #1 in Illinois and #23 nationally in the Wall Street Journal's "America's Best Colleges 2024." Founded in 1890, Illinois Tech was built to provide access to higher education for students from all backgrounds and to make a difference in the world through technology-oriented education. This guiding mission and purpose – where students could prepare for meaningful roles in a changing society and achieve professional and economic advancement – remains just as relevant today. Illinois Institute of Technology today is home to a diverse and global student population; is committed to providing opportunities to enhance the diversity of its faculty and staff; and strongly encourages applicants from all backgrounds to apply for this position, especially those underrepresented in the field.

Qualifications:

At the time of appointment, applicants must hold an earned Master's degree in business, engineering, or related fields in industrial technology or management. A minimum of 10 years of professional work experience is required. Successful candidates are expected to demonstrate a strong commitment to undergraduate and graduate teaching.

The INTM program at Illinois Tech offers a Bachelor's degree in Industrial Technology and Management and a Master's degree in Industrial Technology and Operations. INTM currently supports over 120 students with 2 full-time faculty, more than 25 adjunct professional faculty, and 2 full-time staff. More information on faculty, teaching, research, facilities, and degree programs in INTM be found

at: <https://www.iit.edu/intm>.

The application package requires six components, including (i) a cover letter, (ii) curriculum vitae, (iii) a statement of industry experience (2 pages max), (iv) a statement of teaching philosophy (2 pages max), (v) a statement on the candidate's commitment to equity and inclusion in education (2 pages max), and (vi) contact information for at least three professional references

The application should be emailed as a single PDF file using a subject line "INTM Faculty Application" (with file name lastname_firstname.pdf) to INTM@iit.edu.

To ensure full consideration, applications must be received by 5PM CST March 21, 2025; however, review of applications will continue until the position has been filled. Questions regarding the position should be emailed to Dr. James B. Mann, Alva C. Todd Director of INTM, at jbmann@iit.edu.

EEO/AA Policy

The Illinois Institute of Technology is a private PhD-granting research university, with world-renowned programs in engineering, architecture, the sciences, humanities, psychology, business, law, and design. IIT's Armour College of Engineering emphasizes inter-professional research by faculty and students and is committed to excellence in undergraduate, graduate, and professional education. The main campus is located three miles from downtown Chicago and in close proximity to many industries in the Chicagoland area. Illinois Institute of Technology is an EEO/AA/Title VI/Title IX/Section 504/ADA/ADEA employer committed to enhancing equity, inclusion and diversity within its community. It actively seeks applications from all individuals regardless of race, color, sex, marital status, religion, creed, national origin, disability, age, military or veteran status, sexual orientation, and/or gender identity and expression. All qualified applicants will receive equal consideration for employment. Applicants should submit a single pdf file to mmae-assistant@iit.edu. Application materials should include: i) cover letter, ii) curriculum vitae, iii) a research statement, iv) a statement of teaching philosophy, v) contact information of five references, and vi) a sample of a published research paper. Applications received prior to February 15, 2019 will be given the strongest consideration, but the position will remain open and applications accepted until the position is filled.
