We are looking for PhD students with expertise in scientific machine learning, such as physics-informed machine learning or neural operators. The students will work on solving biomedical challenges by combining clinical data with computational simulations using scientific machine-learning models. For more information, please contact [he.li3@uga.edu](mailto:he.li3@uga.edu). PI's information can be found at <https://cbme.engr.uga.edu/sample-page/>
