**Job Description**

Faculty Position in the International College of Semiconductor Technology, National Yang Ming Chiao Tung University

The Faculty of NYCU's International College of Semiconductor Technology (ICST) is pleased to invite applications for tenure-track faculty positions at the levels of Assistant, Associate, and Full Professor. Candidates must have a Ph.D. or its professional equivalence by the starting date of the appointment. We welcome applicants who conduct cutting-edge research relevant to semiconductor technology and show strong interest in teaching and mentoring students at the graduate level. Candidates with extensive industrial experiences are specifically preferred. For the level of Full Professor, we expect the candidates to be luminaries in their research area of expertise.

National Yang Ming Chiao Tung University (NYCU) is renowned for seeding the development of semiconductor science and technology in Taiwan, essential for the success of its modern IC industry. The ICST at NYCU is committed to excellence in research at international level with English medium teaching for M.S. and Ph.D. programs. We plan to build a faculty community from international scholars that draws strength from its diversity. Members of our faculty are expected to conduct original research of exceptionally high quality and teach effectively with a strong focus on semiconductor technology. Serving as the hub of research activities related to semiconductor technology in NYCU, the ICST encourages multidisciplinary collaborations with academic departments across NYCU as well as the industries nationwide, particularly those located in the Hsinchu Science-Based Industrial Park.

The ICST invites applications for the position of assistant/associate/full professor of communication from candidates with expertise in one or more of the following areas: (1) IC Design (Power RF, Analog...etc.), (2) Smart Manufacturing, (3) Heterogeneous Integration, (4) Solid-state electronics, (5) Complementary Metal-Oxide-Semiconductor (CMOS), (6) Memory, (7) Quantum Device, (8) Design for Manufacturability, (9) electronic materials, (10) Other research expertise.

Applications will be reviewed as they are received. NYCU is an equal opportunity employer with a strong commitment to excellence in research and diversity among its faculty and staff.

1. Curriculum Vitae (including contact information)
2. Photocopy of the graduate school transcript(s)
3. Photocopy of the Ph.D. diploma
4. Research and teaching statements
5. Publication list
6. Three representative publications
7. Abstract of the Ph.D. dissertation
8. Three professional references

Please send these application materials to Ms. Sun (e-mail: [hssun@nycu.edu.tw](mailto:hssun@nycu.edu.tw))
