Final date: Thursday, Apr 9, 2026 at 11:59pm (Pacific Time)

Applications will continue to be accepted until this date, but those received after the review date will only be considered if the position has not yet been filled.

Position description

The Blum Center for Developing Economies at the University of California, Berkeley is generating an applicant pool of qualified instructors and invites applications to teach courses in the area of Development Engineering. In addition to core DevEng classes (DevEng 200, 202, 203, 204, 205, 206), new classes may be planned based upon student interest and candidate expertise. Candidates under consideration will be contacted by the Blum Center. The previous pool will close April 9, 2025. Those interested in remaining in the pool must reapply.

Founded in 2006, The Blum Center for Developing Economies at UC Berkeley brings together academics, partner organizations, entrepreneurs, and business leaders to solve the world's most pressing development challenges. Operating on the notion that a world-class public research university

must be a force for tackling society's most persistent challenges, the Blum Center inspires and facilitates interdisciplinary research and problem-solving; teaches students to think critically and optimistically about issues of poverty and development; equips the next generation of social entrepreneurs with the skills needed to design, deploy, and scale world- changing innovations; and advises and trains groups and organizations on methods for fostering a culture of innovation in their workplaces. To learn more about our center please visit our website.

General Duties: Lecturers are responsible for the course syllabus, curriculum development and delivery, student mentoring, student assessment through relevant projects, problem sets, exams, class attendance and participation, and grades. Project-based courses will require working with potential sponsors.

The Blum Center seeks candidates whose experiences in professional practice and teaching has prepared them to contribute to our commitment to diversity and inclusion in higher education. We are also interested in candidates who understand the barriers facing women and people of color in higher education. UC Berkeley has an excellent benefits package as well as a number of policies and programs to support employees as they balance work and family.

About UC Berkeley

UC Berkeley is committed to diversity, equity, inclusion, and belonging. The excellence of the institution requires an environment in which the diverse community of faculty, students, and staff are welcome and included. Successful candidates will demonstrate knowledge and skill related to ensuring equity and inclusion in the activities of their academic position (e.g., teaching, research, and service, as applicable).

The University of California, Berkeley is an Equal Opportunity employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, age, or protected veteran status.

Please refer to the [University of California's Affirmative Action and Nondiscrimination in Employment Policy](#) and the [University of California's Anti-Discrimination Policy](#).

In searches when letters of reference are required all letters will be treated as confidential per University of California policy and California state law. Please refer potential referees, including when letters are provided via a third party (i.e., dossier service or career center), to the [UC Berkeley statement of confidentiality](#) prior to submitting their letter.

As a University employee, you will be required to comply with all applicable University policies and/or collective bargaining agreements, as may be amended from time to time. Federal, state, or local government directives may impose additional requirements.
