Job Description

DOE Science, Technology and Policy Program– Office of International Affairs Fellowship

<https://www.zintellect.com/Opportunity/Details/DOE-STP-IA-2025-0002>

Application Deadline: May 13, 2025 @ 11:59 PM Eastern Time Zone

About this Opportunity

The U.S. Department of Energy (DOE) Science, Technology and Policy Program (DOE-STP) is designed to provide opportunities for students, postgraduates, and faculty to participate in programs, projects, and activities at the Department. Fellows will receive hands-on experience that provides an understanding of the mission, operations, and culture of the DOE. As a result, fellows will gain deep insight into the federal government's role in the creation and implementation of energy technology policies; apply their scientific, policy, and technical knowledge to the development of solutions to issues of importance to the DOE and continue their education and involvement in areas that support the DOE mission either in a technical or policy-related role.

What will I be doing?

DOE Science, Technology and Policy Program– Office of
International Affairs Fellowship

As an ORISE participant, you will,

- Gain insight into the federal government's role in the creation and implementation of policies that will affect energy technology development.
- Contribute to the implementation of energy policies by applying scientific and technical knowledge to develop solutions to issues of importance to the DOE and the Office of International Affairs.
- Continue your education and involvement in areas that support the DOE mission, either in a technical or policy-related role.
- Become part of a group of highly trained professionals with the education, background, and experience to be part of the workforce supporting the DOE's future mission.

Participants may be assigned to the following offices:

- Resource Management
- Europe, Eurasia, Africa & the Middle East
- Asia & the Americas
- Market Development & Energy Innovation
- Energy Security & Multilateral Engagement
- Foreign Investment & National Security, and Technology Collaboration
