### **An opportunity to conduct world-class research in many aerospace disciplines:**

- Fluid Mechanics, Aerodynamics, and Aeroacoustics
- Structures and Solid Mechanics
- Guidance, Navigation, Control, and Autonomous Systems
- Propulsion and Combustion
- Astronautical Engineering

### **PROPEL YOUR FUTURE**

- **World-Class Research**

During its nearly 70 years of academic achievements, the department has become well-known as a center of excellence in research. According to the Shanghai ranking, the faculty is among the top Aerospace Engineering faculties worldwide, and it is ranked 40th globally.

- **Cross-Disciplinary Environment**

Our research thrives on partnerships. We foster interdisciplinary projects across the Technion's top-tier engineering and science departments, cultivate strong ties with local advanced technology industries, and engage in global collaborations with leading institutions worldwide.

- **Financial Support**

Comprehensive financial support, including tuition, stipend, and housing for MSc and PhD students, as well as funding for travel to national and international conferences.

- **A Great Location**

The Technion is located in Haifa, part of Israel's northern district. With almost 3000 years of rich history on one hand and a center of cutting-edge high-tech industry and scientific research hubs on the other, Haifa is a modern city and a vivid tourist center known for its scenic views, places of interest, and nightlife.

- **International Atmosphere**

A diverse multinational department with students and faculty members arriving from academic centers worldwide. International students enjoy close support provided by the Technion's International Studies center. The graduate studies programs are in English.

- **Proven Impact**
