<b>Job Description</b>	

**JOIN THE DEPARTMENT OF MECHANICAL, INDUSTRIAL AND ELECTRICAL ENGINEERING**

The Department of Mechanical, Industrial and Electrical Engineering provides an interdisciplinary platform where innovation meets real-world application. Through a fusion of theory and practice, we prepare students to address contemporary engineering challenges across industries such as telecommunications, robotics, renewable energy, and manufacturing. If you are passionate about advancing cutting-edge technologies and shaping the next generation of engineers, we invite you to apply, and we look forward to welcoming you to our dynamic academic community.

**JOB REQUIREMENTS**

## Senior Lecturer: Mechanical Engineering (1 posts) Namibia University of Science and Technology

A Doctorate (NQF Level 10) in Mechanical Engineering or related field with a minimum of six (6) years of lecturing experience at tertiary education level and/or industry experience or an equivalent combination of relevant professional experience. Excellent English communication skills (oral and written). Proven competence in successful sourcing of research or project funding from third-party sources, successful initiation and management of research projects, curriculum development, and strong management/organisational and mentorship skills. Competence to teach at least three (3) of the following courses: Heating, Ventilation, Airconditioning and Refrigeration, Mechanics of Materials, Fluid Mechanics, Thermodynamics, Wind and Ocean Engineering, Participatory Mapping and GIS, Wind and Ocean Technology and Energy Efficiency Technology. Competence to establish professional networks and to maintain links with the industry, as well as experience in developing postgraduate programmes, strong management skills and a proven record of raising substantial research funding. A credible record of lecturing, peer-reviewed publications, community engagement, programme coordination, supervision of students (research) at both under- and post-graduate levels, and a sound research profile with a Google Scholar h-index of 4 will be an advantage.

### KEY PERFORMANCE AREAS

Deliver high-quality teaching, learning experiences, and assessments at both under and postgraduate levels, and supervise student research projects, dissertations, and theses. Contribute to curriculum development, review, and enhancement, ensuring academic relevance and excellence. Actively participate in departmental administration, governance, and strategic initiatives. Maintain a strong research profile through sustained publication output, seek external research funding, and manage research projects. Participate in departmental, faculty, and university committees to support institutional goals. Mentor junior academic staff in teaching, research, and service. Assist with student selection, admission, and registration processes, ensuring alignment with academic standards. Engage in community outreach and capacity-building initiatives, strengthening the Department's societal impact. Establish and maintain professional networks and industry partnerships to foster academic and research collaboration and perform any other reasonable responsibilities that may be assigned by the departmental or faculty leadership as needed.

NUST is an equal opportunity employer and encourages suitably qualified Namibians especially from designated groups such as women and persons with disabilities with a distinguished record of achievements and proven capacity to lead in a stimulating and culturally diverse environment to submit their applications.
