Job Description

The Department of Electrical Engineering (EE Department) in the new College of Engineering (CEN) at Illinois State University (ISU) invites applications for one open rank tenure-track position beginning January 1, 2026. We are seeking qualified candidates with expertise in Communication Systems, or Mobile Communications, or Wireless Communications, or other closely related area(s).

Because the College is in its foundational stages, we are seeking a candidate who can quickly adapt, be flexible in terms of workload distribution, and serve as founding member of the EE Department. Responsibilities for the position will change from year to year until the new College reaches its steady state by 2029 or earlier. Job responsibilities will include curriculum and laboratory development; effective undergraduate teaching/research including first-year and senior design advising; grant writing and research/scholarship; ISU service including high school visits, industry collaborations, and workshops for student recruitment; and external service including societies (e.g., ASEE and IEEE).

Salary, Rank and Tenure: The position is nine-month, tenure-track appointment with the possibility of summer teaching. Salary, rank, and the status of tenure (probationary tenure-track or tenured) are commensurate with qualifications and experience.

University Benefit Highlights:

- Insurance benefits , including health, dental, vision, and life
- Retirement and supplemental retirement planning options
- Tuition waiver benefits available to staff as well as their eligible dependents
- Paid holiday/administrative closures during Thanksgiving and Winter Breaks
- Paid benefit time

Additional Information

The College of Engineering (CEN) is the newest College at ISU. We will welcome our first cohort of students in Fall of 2025 and graduate our first cohort of students in Spring of 2029. The CEN will emphasize project-based learning and applied research, and actively demonstrate the societal impact engineers make across communities. We will be a leader in educating engineers and plan to be a leader in transforming engineering education to graduate students from diverse backgrounds. For more information, visit <https://illinoisstate.edu/college-engineering/>.

Illinois State University: <https://illinoisstate.edu>, was founded in 1857 as Illinois' first public university. We enroll approximately 21,000 students in seven colleges. Our new strategic plan, Excellence by Design: 2024-2029, lists our seven core values: Excellence in Teaching, Learning, and Scholarship; Individualized Attention; Equity, Diversity, Access, and Belonging; Collaboration; Community and Civic Engagement; Respect; and Integrity. By acting on these values, we create a learning environment that
