it through the university's governance for approval with departmental assistance. The new B.S. in Engineering Technology program aims to achieve it in 90 credits (Higher Learning Commission created guidelines and an application process for reduced-credit bachelor's programs) and attain ABET-accreditation. The ideal candidate will have familiarity and/or experience with engineering technology programs, community colleges, universities, faculty governance procedures, and excellent writing and oral communication skills.

Minimum Qualifications

Applicants must have earned at least an M.S. degree in engineering technology, engineering, or related field.

Special Instructions to Applicants

Review of Applications will begin on July 9, 2025, and continue until the position is filled. The expected start date is August 15, 2025. Applicants should submit a letter of intent, a curriculum vitae, transcripts (unofficial), and contact information for three references. The candidate should upload their application through Oakland University's job portal.

School/College & Department/Program Summary

The School of Engineering and Computer Science has five academic departments, 80+ faculty members, and approximately 2,300 undergraduate and 500 graduate students. For more information about the School, see www.oakland.edu/secs.

More About Oakland University
