is one of the leading universities in both Singapore and the world, recognized internationally for its creativity and innovation. NTU Singapore continues to invest in talent, strengthening established domains while expanding into new and emerging fields. We seek scholars committed to pioneering research and dedicated to teaching and mentoring students. The university fosters a dynamic and collaborative community, aspiring to address global challenges.

The School of Electrical and Electronic Engineering (EEE) at NTU is among the largest globally. We invite applications for all ranks (**Assistant Professor, Associate Professor, and Full Professor**) in all areas of Electrical and Electronic Engineering, including but not limited to:

(1) **InfoComm Engineering:**

- Intelligent Computing, Signal Processing and Information Security
- Next Generation Wireless and Optical Technologies
- Space-Based Communication and Autonomous Systems

(2) **Electrical and Systems Engineering:**

- Renewable Energy Systems
- Smart Power Grids and Energy Storage
- Control and Robotics

(3) **Electronics:**

- Microelectronics and Semiconductor Devices
- Bio-Electronics and Quantum Technology
- Integrated Circuits Design

We welcome outstanding candidates with a Ph.D. in Electrical or Electronic Engineering or a related discipline to apply. Multiple positions are available this year, with additional openings expected in the following years. We offer competitive salaries and start-up packages.

Applications should include a cover letter, curriculum vitae, research statement, teaching statement, contact information for three referees, and PDFs of two significant papers.

For more information about NTU Singapore, please visit the NTU website at <https://www.ntu.edu.sg>.
