Job Type: Full-Time

Posting Detail Information

Position Summary

The **School of Engineering and Applied Sciences (SEAS)** is seeking to hire highly motivated and skilled **Postdoctoral Associates** to join its labs. Positions are available within the various Schools Departments.

The successful candidate will perform independent and directed research to achieve the objectives of the research project within your department. Your work will require the theoretical and practical application of a body of highly specialized knowledge.

Tasks you will be responsible for may include:

- organize and implement research plans
- develop methods or research that incorporate highly specialized training in a specific specialty
- conduct tests procedures and engage in data collection
- analyze, evaluate, and present findings in professional journals and at professional conferences and meetings
- mentoring graduate and/or undergraduate students

This is a pooled posting. Positions are filled on an as needed basis.

Learn more:

- Our **benefits**, where we prioritize your well-being and success to enhance every aspect of your life.
- Being a part of the **University at Buffalo community.**

University at Buffalo is an affirmative action/equal opportunity employer and, in keeping with our commitment, welcomes all to apply including veterans and individuals with disabilities.

Minimum Qualifications

- Doctoral degree or equivalent from a foreign university in area related to the specific specialty of your department is required.
- All degree requirements including dissertation, must be completed.

Salary Range
$55,000 - $75,000

Special Instructions Summary

Is a background check required for this posting?
No
