Job Description

Stevens Institute of Technology is a leading private research university in Hoboken, New Jersey, recognized for its strengths in engineering, science, and technology. The university is committed to innovation, hands-on learning, and preparing students for real-world success.

The Department of Systems & Enterprises, within the Charles V. Schaefer, Jr. School of Engineering and Science, emphasizes systems thinking and tackling complex challenges across industries. The department offers a Master of Engineering in Systems Engineering, supported by prominent research centers such as the Systems Engineering Research Center (SERC) and the Center for Complex Systems & Enterprises (CCSE).

We are seeking qualified Adjuncts to teach Systems Engineering courses. Adjuncts are responsible for delivering course content, evaluating student performance, and fostering a positive, engaging learning environment.

Responsibilities:

- Prepare and deliver lectures, assignments, and assessments in alignment with course objectives and department standards.
- Facilitate student learning through clear instruction, meaningful discussions, and real-world applications.
- Evaluate and grade student work in a timely, fair, and constructive manner.
- Provide academic support through office hours or scheduled meetings.
- Collaborate with the department chair and faculty to ensure course consistency and quality.
- Submit final grades and any required reports by established deadlines.
-

Stay current with developments in the field and incorporate relevant content into the course as appropriate.

Qualifications:

- Bachelor's degree in a relevant field is required; a Master's or Ph.D. in Systems Engineering, Industrial Engineering, Electrical Engineering, Computer Science, or a related discipline is strongly preferred.
- Professional experience in systems engineering or a related industry.
- Prior teaching experience at the college or graduate level is preferred.
- Strong communication and organizational skills.
- Ability to engage and support a diverse student population.

Additional Information:

- This is a part-time, non-tenure-track position.

- Courses may be taught in-person, online, or in a hybrid format, depending on program needs.
- Adjunct appointments are made on a semester-by-semester basis.

Department

Program Operations Systems & Enterprises

Compensation Range

In compliance with the New Jersey Wage Transparency Act, the base salary range for this position is listed below. This range represents the University's good faith estimate of possible compensation at the time of posting. Stevens Institute of Technology determines compensation based on factors including the position's scope and responsibilities, the candidate's experience, education, skills, internal equity, market data, and organizational considerations. The final salary will be set considering departmental budget, qualifications, and relevant credentials.

Lecturer Equivalent: \$8,000

Senior Lecturer Equivalent: \$9,200

Assistant Professor Equivalent: \$9,200

Associate Professor Equivalent:\$10,300

Professor Equivalent:\$11,450

Professor Equivalent "Distinguished":\$12,000

General Submission Guidelines:

Please submit an online application to be considered a candidate for any job at Stevens. Please attach a cover letter and resume with each application. Other requirements for consideration may depend on
