Job Description

Arizona State University (ASU) and The University of Texas at Arlington (UTA) are looking for postdoctoral fellows to join a research project sponsored by the NSF/DoD on Secure Communication. The postdoctoral fellows will be primarily advised by Prof. Taejoon Kim and Prof. Remi Chou, and will closely interact with faculty members from multiple institutions participating in the project. The postdocs must have expertise in one or more of the following areas: Information Theory, Quantum Information Science, Quantum Computing for Communication, Cryptography, Security, and Machine Learning.

The positions are available as early as Fall 2025 (flexible start date) with a duration of one year and will be renewed for, at least, another year based on satisfactory progress. The application package must include a CV (including a full list of publications), the contact of three referees, and a cover letter. Please email your application to postdoc.applications.2025@gmail.com.
