Track Assistant Professor of Computer Science beginning in January 2026 or August 2026. The successful candidate will teach a variety of undergraduate computer science courses, including introductory programming, software engineering, programming language design, data structures and algorithms, networking and cybersecurity, computer architecture, operating systems, etc. primarily to computer science and electrical/computer engineering majors. Other responsibilities may include advising students on independent study and capstone design projects as well as teaching special topics in an area of expertise. The successful candidate will be active in curriculum and laboratory development and scholarly research.

As a teaching-focused institution, our ABET-accredited Computer Science program is characterized by small class sizes, extensive student/faculty interactions, and a focus on hands-on, project-based work. Students participate in one mandatory internship as part of our experiential education program prior to graduation along with a two-semester long capstone design project, gaining valuable experience in professional software development.

Experience and Education Required:

Applicants must have a Ph.D. Degree in Computer Science. Candidates with at least one year of prior teaching experience, interest in pedagogical research, machine learning, or artificial intelligence as demonstrated by published work or conference presentation and industry experience are preferred.

Required Skills and Qualifications:

Candidates must have the interest and ability to teach a range of undergraduate computer science courses and are expected to demonstrate the potential for outstanding teaching, advising, and scholarly activity.

Application Instructions:

Candidates must electronically submit the following:

- * Curriculum Vitae
- * Statement of teaching philosophy and practices
- * Statement of professional/scholarly objectives

EEO/AA Policy

York College of Pennsylvania is an Equal Opportunity Employer. For a copy of York College's Annual Security Report, you may contact the Office of Campus Safety.
