REQUIREMENTS:

- A Doctoral degree in Civil Engineering (with a focus on Environmental Engineering) or Chemical Engineering (with a focus on Environmental Engineering) or a related field, is preferable. However, consideration will be given to exceptional applicants with a Masters degree (in the above fields) and potential to pursue a Doctoral degree in Environmental Engineering.
- A Bachelors degree in Civil Engineering or Chemical Engineering or a related Environmental Engineering field.

ADVANTAGE:

- ECSA Professional or Candidate Engineering registration.
- Evidence of teaching, research/experience and successful higher degree supervision in Environmental Engineering.

DUTIES: The successful applicant will be expected to lecture Environmental Engineering undergraduate courses, as well as other Civil Engineering undergraduate courses; lecture in Environmental Engineering postgraduate courses; participate in academic administration; supervise the research of undergraduate and postgraduate students and develop a productive research programme.

ENQUIRIES: Professor Adesola (Shola) Ilemobade; Head of the School of Civil and Environmental Engineering; adesola.ilemobade@wits.ac.za; 011 717 7153.

TO APPLY:

Please submit (1) a motivational letter, (2) a detailed CV (that includes publications, citation metrics and the names, e-mail and phone numbers of 3 referees) and (3) certified copies of certificates (degrees/diplomas), SA ID or international passport (if not a South African Permanent Resident or
