Downloaded On: Aug. 21, 2025 12:59am

Posted Aug. 20, 2025, set to expire Jun. 30, 2026

Applications are being sought for a qualified and motivated post-doctoral fellow to conduct research in several areas of materials science and engineering science, including but not limited to materials recovery technology for supply resiliency. The primary responsibility will be to support existing and upcoming projects.

JOB DESCRIPTION

Additional responsibilities will include research support on collaborative projects with the Center for Resource Recovery and Recycling and other institutions. The successful candidate should have excellent analytical and problem-solving skills and strong written and verbal communication skills. A two-year appointment is anticipated.

Applicants will need to provide a letter of interest, a complete CV, at least two exemplar publications, and at least three academic/research references. Applications and associated information will be accepted until the position is filled.

Requirements:

Applicants must have a Ph.D. in Materials Science & Engineering or any related field.

Required Documents:

- Cover Letter
- Curriculum Vitae
- Research Statement/Philosophy
- List of References

FLSA STATUS

United States of America (Exempt)

WPI is an Equal Opportunity Employer. All qualified candidates will receive consideration for employment without regard to race, color, age, religion, sex, sexual orientation, gender identity, national origin, veteran status, or disability. It seeks individuals from all backgrounds and experiences who will contribute to a culture of creativity, collaboration, inclusion, problem solving, innovation, high performance, and change making. It is committed to maintaining a campus environment free of harassment and discrimination.
