**Florida A&M University – Florida State University College of Engineering**

**(Permanent, Tenure Track Position)**

The Department of Mechanical & Aerospace Engineering (MAE) at the Florida A&M University-Florida State University College of Engineering is pleased to invite applications from highly qualified individuals for tenure-track faculty positions in the field of Aerospace (Propulsion, Structures, and Space Guidance, Navigation, and Controls) in Tallahassee, Florida. This position is at the assistant level, but well-qualified candidates will be considered at a higher rank.

We are interested in candidates whose research is grounded in mechanical & aerospace engineering in fields including but not limited to Aerospace Propulsion, Aerospace Structures, Space Guidance, Navigation, and Controls (GNC). Other areas of Aerospace Engineering will also be considered, particularly if they complement existing program strengths.

The MAE Department currently has about 36 faculty, 150+ graduate students, ~800 undergraduate students, and annual research expenditures exceeding \$27M. A new graduate program in Aerospace Engineering will start in the fall of 2025 within the Mechanical & Aerospace Engineering Department. Additional investments in aerospace include over \$100M investments in our Panama City, FL campus (<https://inspire.fsu.edu/>). We expect that the candidate would join our existing Florida Center for Advanced Aero-Propulsion (FCAAP, <http://www.fcaap.fsu.edu>), and outstanding opportunities exist for collaboration with a number of additional centers of excellence including: the High Performance Materials Institute (HPMI, <http://hpmi.research.fsu.edu/>), the Center for Intelligent Systems, Control, and Robotics (CISCOR, <http://www.ciscor.org/>), and the Aerospace, Mechatronics and Energy Center (AME, <http://ame.fsu.edu/>). Potential applicants seeking more information are encouraged to visit our websites at <https://www.eng.famu.fsu.edu/me>.

The FAMU-FSU College of Engineering is the nexus of two major public universities, each with a distinct mission but focused on world-class engineering education and research. Created by the Florida Legislature in 1982, the joint institution is the college of engineering for both Florida A&M and Florida State universities. This unique combination of focus, resources and mission from our parent institutions has created on our campus a truly innovative atmosphere that leverages the benefits of the traditional HBCU model with the innovations of an R-1 public research university. After completing pre-requisites at their home institution, FAMU and FSU students learn, study and research together at our independent campus with joint-appointed faculty and staff. Students graduate from their enrolling university and from the FAMU-FSU College of Engineering. Both FAMU and FSU are part of the State

University System of Florida and are accredited by the Southern Association of Colleges and Schools Commission on Colleges. Additionally, all seven of the college's eligible undergraduate degree programs are accredited by the Engineering Accreditation Commission of ABET, <https://www.abet.org>.

Candidates must possess an earned Ph.D. in Mechanical or Aerospace Engineering or a closely related discipline, demonstrate the ability to create and sustain an internationally recognized research program in their field of expertise, and have a strong interest in engineering education. The successful candidate is expected to establish and maintain a robust externally funded research program, have a strong commitment to teaching excellence in undergraduate and graduate courses, and participate in college and professional service.

If qualified and interested in the position, applicants should apply to Florida State University at <https://hr.fsu.edu/facultyjobs>, **Job ID: 61098**, with the following documents:

1. A cover letter
2. A full curriculum vitae
3. A 2-page research statement. This statement should clearly indicate how the proposed research efforts will connect to other efforts in the department and universities.
4. A 1-page teaching statement
5. No more than four selected publications for review
6. The names and contact information of four potential references
7. [An Equal Employment Opportunity Survey for Faculty Applicants](#)

Application review will begin on **October 1, 2025**. Acceptance and review of applications will continue until the positions are filled. The appointment is anticipated to begin in August 2026. Any questions about the position should be directed to Dr. Chiang Shih, Search Committee Chair, at [shih@eng.famu.fsu.edu](mailto:shih@eng.famu.fsu.edu).

### **Criminal Background Check**

This position requires successful completion of a criminal history background check. The background check will be conducted as authorized and in accordance with University Policy 4-OP-C-7-B11.

### **Equal Employment Opportunity**

Florida A&M University and Florida State University Are Equal Employment Opportunity Employers.
