Job Description	

Tenure-Track or Tenured Faculty Position-Electrical and Computer Engineering
Shanghai Jiao Tong University Global College

The Global College, Shanghai Jiao Tong University invites applications for tenure-track or tenured positions at all levels (Assistant, Associate, and Full) in Electrical and Computer Engineering. Candidates should hold a Ph.D. in electrical and computer engineering, computer science, or a closely related field. The Global College particularly seeks candidates in the areas of data mining, database, artificial intelligence, data security, and other data-related areas. The candidates are expected to establish vigorous research programs and contribute to undergraduate and graduate education. Salaries are highly competitive and commensurate with qualifications and experience.

The Global College (GC), Shanghai Jiao Tong University (SJTU) is a flagship platform for advancing the university's internationalization strategy. Rooted in China and committed to delivering world-class education, GC pioneers a new model of global collaboration in higher education. Building on the legacy of the University of Michigan – Shanghai Jiao Tong University Joint Institute (UM-SJTU JI), established in 2006, the college was comprehensively upgraded in 2025 to cultivate high-quality partnerships with leading institutions worldwide. GC offers three undergraduate majors, nine minors, and seven graduate majors; its research activities span eight disciplines. With full-English instruction and cutting-edge research led by globally recruited faculty from top universities, the college is dedicated to becoming a dynamic hub for global talent, international research collaboration, and cross-cultural exchange.
