About the Position: We seek faculty candidates with strong research record in all areas of Artificial Intelligence and Data Science, with a special emphasis on the theoretical foundations and applications of Data Sciences and Al/ML in a wide range of fields including Smart Health Systems, Cloud Computing, Business Intelligence and Decision Support Systems. Successful candidates are expected to complement and enhance current research at the College and contribute to the teaching of both undergraduate and graduate courses across programs.

Candidate Qualifications: Candidates must hold a Ph.D. degree in computer science, information science or closely related areas from a recognized university.

Preferred qualifications include:

- Established record of discipline specific research publications in internationally recognized journals and conferences.
- Demonstrated experience writing and securing grants and contracts.
- Evidence of excellence in teaching and student supervision at the undergraduate and graduate levels.
- Ability to work collaboratively with faculty across multiple departments and programs.

Faculty rank is commensurate with qualifications and experience. The positions will remain open until filled and only short-listed candidates will be contacted. The UAEU and CIT are committed to fostering a diverse, inclusive, and equitable environment and culture for students, staff, and faculty.

Application Instructions: Applications must be submitted online at https://jobs.uaeu.ac.ae/search.jsp (postings under CIT). The instructions to complete an application are available on the website.

A completed application must include:

- A cover letter reflecting on your interest and alignment with CIT's mission;
- An up-to-date curriculum vitae;
- A research statement, describing current and future research;
- A teaching statement, describing teaching philosophy; and
- The names and contact information for at least three recommenders.

About the UAEU: The United Arab Emirates University (UAEU) ranked 229 in QS, is the first academic institution in the United Arab Emirates. Founded by the late Sheikh Zayed bin Sultan Al Nahyan in 1976, UAEU is committed to innovation and excellence in research and education. As the country's flagship university, UAEU aims to create and disseminate fundamental knowledge through
