teaching experience, and equity within the department.

Percent time: From 17% to 50%.

Anticipated start: January 1, 2026.

Review timeline: Applications will be reviewed in October and November, 2025.

Position duration: One semester.

Application Window

Open date: October 6, 2025

Next review date: Tuesday, Oct 21, 2025 at 11:59pm (Pacific Time)

Apply by this date to ensure full consideration by the committee.

Final date: Friday, Nov 7, 2025 at 11:59pm (Pacific Time)

Applications will continue to be accepted until this date, but those received after the review date will only be considered if the position has not yet been filled.

Position description

The College of Engineering recently launched a comprehensive aerospace engineering program, anchored by the new undergraduate major (presently hosted in the Department of Mechanical Engineering) and fueled by the increasing societal significance of aerospace-related technologies.

The aerospace engineering program invites applications to teach one in-person, 4-unit AERO ENG 120: Introduction to Space Engineering course in the Spring 2026 semester.

Course Objectives: This course introduces engineering students to the space environment, the engineering challenges faced when designing spacecraft and instrumentation for the space environment, and the design and analysis tools used to address those challenges.

Instructor Duties: In addition to classroom teaching and preparation, general duties may include (but are not limited to) managing and mentoring graders and/or graduate student instructors (teaching assistants), holding office hours, assigning grades, advising students, preparing course materials (e.g., syllabus), and maintaining a course website.

Qualifications

Basic qualifications (required at time of application)

Master's degree or equivalent international degree at the time of application.

Preferred qualifications

Expertise in space technologies through an engineering or science degree, as well as work experience in the Aerospace or Space Engineering industries.

Evidence of successful past involvement in teaching at the university level and/or a strong commitment to instruction or mentorship.

Application Requirements

Document requirements

- Cover Letter
- Curriculum Vitae - Your most recently updated C.V.
- Statement of Teaching - Please discuss prior teaching experience, teaching approach, and future teaching interests. This can include, for example, specific efforts, accomplishments, and future plans to support the success of all students through inclusive curriculum, classroom environment, and pedagogy

Reference requirements

- 2 required (contact information only)
