RESPONSIBILITIES

The faculty position will have responsibilities in teaching and service. Primary responsibilities will be teaching a variety of courses in the undergraduate Computer Science program at FSU. Additionally, teaching faculty are expected to help develop new courses and initiatives to keep pace with emerging technologies. Faculty are also expected to engage in professional development activities including participation with organizations focused on CS education and accreditation. This position includes a service component involving committee membership at the department or university level, as well as leading initiatives to further community engagement with industry partners, modernize curriculum, and improve student outcomes.

QUALIFICATIONS

Applicants should have a terminal degree in Computer Science or related field from an accredited institution and a record of college teaching experience.

Applicants should also be capable and willing to teach most courses in an ABET-accredited core undergraduate Computer Science curriculum as well as service classes ranging from digital fluency to computer programming.

HOW TO APPLY

Please apply online with curriculum vitae, statement of teaching philosophy, and the names and contact information for three references at: https://www.jobs.fsu.edu/ (select "Search Jobs" and search for job ID 61341). Screening will begin January 15, 2026 and will continue until the position is filled. Questions can be emailed to Dr. Sharanya Jayaraman (sjayaraman@fsu.edu).
