### **Department:**

Engineering | Mechanical and Aerospace Engineering

The Mechanical and Aerospace Engineering Department (<https://mae.osu.edu/>) at The Ohio State University invites applications for an assistant professional practice faculty appointment within our Nuclear Engineering program. This position will start as early as Fall semester 2026. This opportunity has the option for a 9/12 or 12/12 position.

### **Position Overview**

The Mechanical and Aerospace Engineering Department will consider all qualified applicants in the field of nuclear engineering to teach a broad range of nuclear engineering courses. Successful candidates will demonstrate potential or evidence of their ability to support the development of a new undergraduate degree program in nuclear engineering to complement the existing nuclear engineering graduate program.

### **Performance Objectives**

- Contribute to teaching activities in the Nuclear Engineering Program (75% of role). These teaching activities include theoretical, experimental, and/or computational courses.
- Engage in production of scholarship, creative works, and research consistent with the Educator Pathway or Practitioner Pathway in the Department Appointment, Promotion, and Tenure document (see <https://oaa.osu.edu/sites/default/files/documents/MAE-APT.pdf>)
- Engage in service to the university and the international community in ways consistent with the Educator Pathway or Practitioner Pathway in the Department Appointment, Promotion, and Tenure document (see <https://oaa.osu.edu/sites/default/files/documents/MAE-APT.pdf>)

### **Education and Experience Requirements**

#### **Required**

- Applicants must have earned a doctorate or have 25 years of relevant experience and a masters in nuclear engineering or a closely related engineering or science discipline
- Demonstrated efforts in teaching, service, and/or research that reflect Ohio State's Shared Values
- Demonstrated ability to collaborate effectively in a professional setting
- Excellent interpersonal and communication skills

### Desired

- A doctorate in nuclear engineering or a closely related engineering or science discipline
- Experience developing new courses in Nuclear Engineering
- Experience using artificial intelligence or machine learning in Nuclear Engineering applications
- Experience or training in teaching and mentoring within a professional context is desirable.?

### Additional Information

The final offer for this position will be determined based on the candidate's qualifications and experience. Salary and start-up packages are negotiated by the department chair and may vary depending on individual circumstances.?

Ohio State provides access to a depth and breadth of opportunities and resources. Starting your first day, Ohio State offers you a comprehensive benefits package.
