### Job Title:

Faculty, Computer Engineering

## Department:

Electrical/Computer Engineering

### College/Division:

School Of Engineering

## **Primary Job Posting Location:**

Macon, GA 31207

## **Additional Job Posting Locations:**

(Other locations that this position could be based)

## Job Details:

The Mercer University School of Engineering (MUSE) invites applications for a tenure-track faculty position in Computer Engineering starting August 2026. Rank will be determined based on the credentials of the selected candidate.

### Responsibilities:

Candidates are sought to enhance the School's focus on emerging technologies in Computer Engineering, particularly with expertise, scholarly interest, and an excellent capacity for teaching and research in multiple areas within Computer Engineering, such as digital systems design, System-on-Chip embedded systems, computer architecture, high-performance computing, or other emerging fields

in computer engineering.

## Qualifications:

### **Basic Qualifications**

- A Ph.D. in Computer Engineering or a closely related related discipline
- Applicants who are ABD may apply if they will have their degree by the time of employment
- Effective oral and written communication with a strong commitment to excellence in teaching, scholarship, and service

#### Preferred Qualifications

- Experience with professional organizations such as IEEE, ASEE, ABET, etc.
- Prior teaching experience at the college level
- Consulting or industrial experience

## **Additional Information:**

Mercer's undergraduate engineering program is accredited by ABET/EAC using a core curriculum model. The School of Engineering offers both Bachelor's and Master of Science in Engineering degrees with specializations in biomedical, civil, computer, electrical, environmental, industrial, and mechanical, as well as engineering-related programs in cybersecurity, technical communications, and industrial management. The undergraduate curriculum is dynamic, innovative, and broadly based, and it includes the option of an integrated BSE/MSE degree program for qualified candidates. Total engineering enrollment is over 750 students.

Selection of the final candidate is contingent on a successful background check.

Interested and qualified individuals desiring to join the school's dedicated faculty should complete the brief online application and attach a 1) cover letter, 2) current curriculum vitae, 3) statement of teaching philosophy and research interests, and 4) a list of four professional references. Review of applicants will begin October 30, 2025, and continue until the position is filled. Visit the School of Engineering website at https://engineering.mercer.edu/

Founded in 1833, Mercer University is a distinguished private institution recognized for its commitment to academic excellence, leadership development, and community engagement. With campuses across Georgia, Mercer's twelve schools and colleges offer a wide range of undergraduate, graduate, and professional programs. The university cultivates a close-knit, student-centered environment where innovation, service, and personal growth are deeply valued. Mercer's employees are at the heart of its mission, dedicated to advancing innovation, supporting student success, and strengthening both our local and global communities through service. At Mercer, we believe in the power of relationships and the importance of in-person collaboration. Accordingly, our employees are expected to serve in-person as it fosters real-time problem solving, mentoring, and the meaningful connections that strengthen both our work and service to our students and the broader university community.

# Why Work at Mercer University

Mercer University offers a variety of benefits for eligible employees including **comprehensive health insurance** (for self and dependents), **generous retirement contributions**, **tuition waivers**, **paid vacation and sick leave**, **technology discounts**, **schedules that allow for work-life balance**, and so much more!

At Mercer University, a Bear is more than a mascot: it's a frame of mind that begins with a strong desire to make the most out of your career. Mercer Bears do not settle for mediocrity or the status quo. If you're seeking an environment where your passion and determination are embraced, then you want to work at Mercer University.
