School of Electrical and Electronic Engineering is one of the founding Schools of the Nanyang Technological University. Built on a culture of excellence, the School is renowned for its high academic standards and research. With over 3,000 undergraduates students and 2,000 graduate students it is one of the largest EEE schools in the world and ranks 4th in the field of Electrical & Electronic Engineering in the 2025 QS World University Rankings by Subjects.

We are hiring a Research Fellow in Signal Processing and Machine Learning to develop signal processing and machine learning algorithms and methods for accurate localization and tracking of 5G network User Equipment (UE) in urban environments.

Group website: <https://personal.ntu.edu.sg/wptay/>

Key Responsibilities:

- Develop signal processing and machine learning algorithms and methods for drone swarms.
- Perform software/hardware implementation and empirical studies.
- Prepare report and conduct presentation at seminars.
- Assist PI in proposal writing and help supervise graduate students.

Job Requirements:

-

Research Fellow (Signal Processing and Machine Learning)
Nanyang Technological University
