Job Title	AI and Machine Learning Assistant Professor/Professional Practice Assistant Professor
Department	Electrical and Computer Engineering https://engineering.usu.edu/ece/
Institution	Utah State University Logan, Utah
Date Posted	Oct. 29, 2025
Application Deadline	Ongoing until filled
Position Start Date	Aug. 1, 2026
Job Categories	Prof of Practice/Clinical Prof Assistant Professor
Academic Field(s)	Robotics Electrical and/or Electronics Computer Engineering Computer Science
Apply Online Here	https://careers-usu.icims.com/jobs/8433/ai-and-machine-learning-assistant-professor-professional-practice-assistant-professor/job

Apply By Email

Job Description

Utah State University's Department of Electrical and Computer Engineering (ECE) invites applications to fill two faculty positions in Artificial Intelligence and Machine Learning (AI/ML): one tenure-track position (research and teaching) and one professional practice position (teaching emphasis). It is expected that these positions will be filled at either the Assistant or Associate Professor level. We seek applicants with cross-disciplinary backgrounds whose expertise lies at the intersection of AI/ML and electrical engineering. Preference will be given to applicants whose research and/or work experience

applies AI/ML to problems in electrical engineering including but not limited to:

- Signal processing, communications, radar
- Control, robotics, drones/UAVs
- Electromagnetics, antennas
- Speech and natural language processing
- Remote sensing, computer vision
- Electric power systems
- Cybersecurity, computer networks, cryptography

Application review is ongoing. This position will be open until filled.

Responsibilities

Successful candidates for the tenure-track position will be expected to develop an externally funded research program that includes peer-reviewed publications and graduate student mentorship. Both tenure-track and professional practice positions are expected to effectively teach undergraduate and graduate courses, actively participate in assigned department and university duties, and serve their professional society. Ideal candidates will have an interest in developing new courses and degree programs in AI/ML and its applications to engineering.

Qualifications

Minimum Qualifications – Tenure Track Appointment

1. An earned doctorate degree in Electrical Engineering, Computer Engineering, Computer Science, Mathematics, Statistics, or a closely related discipline.
2. An ability to conduct and disseminate research that applies AI/ML to problems in the electrical engineering domain.
3. An ability to develop courses in AI/ML and effectively teach undergraduate and graduate level courses in AI/ML and the candidate's specific area of research emphasis in accordance with departmental needs.
4. An ability to apply for and secure ongoing external funding.

Preferred Qualifications – Tenure Track Appointment

1. Preference will be given to candidates with experience building and deploying AI/ML systems.

Minimum Qualifications – Professional Practice Appointment

1. An earned MS degree in Electrical Engineering, Computer Engineering, Computer Science, Mathematics, Statistics, or equivalent work experience.
2. Strong industrial, commercial, consulting, or research experience in AI/ML systems.
3. An ability to develop courses in AI/ML and effectively teach undergraduate and graduate level courses in AI/ML and the candidate's specific area of research emphasis in accordance with departmental needs.
4. Effective written and oral communication skills.
5. Demonstrated strong organizational skills.

Preferred Qualifications – Professional Practice Appointment

1. Effective teaching or mentoring experience.
2. Advanced degree in Electrical Engineering, Computer Engineering, Computer Science, Mathematics, Statistics or a closely related discipline.

Required Documents

Along with the online application, please attach:

1. Resume/CV to be uploaded at the beginning of your application in the Candidate Profile under "Resume/CV".

The documents listed below to be uploaded at the beginning of your application in the Candidate Profile under "Documents 1-10":

1. Cover letter summarizing your motivation, qualifications, experience, and career goals.
2. A concise statement of your proposed research program including how your research synthesizes AI/ML and engineering topics.
3. A brief teaching statement that explains your approach to teaching and describes AI/ML courses you would like to develop and existing ECE courses you would like to teach.
4. Names and contact information of three professional references (reference letters will only be solicited from final candidates).

University Highlights

Founded in 1888, Utah State University is Utah's premier land-grant, public service university. As an R1 research institution, Utah State is dedicated to advancing knowledge and serving the public good through innovative research and scholarly activities that are grounded in reciprocal engagement with local, regional, and global communities. USU prepares students to be active, civically engaged leaders who are prepared to address critical societal challenges. Dedicated to providing a high-quality and affordable education, USU remains a leader in research, discovery, and public impact.

USU enrolls 28,900 students, both online and in person at [locations throughout the state](#). Utah State's 30 locations include a main campus in Logan, Utah, residential campuses in Price and Blanding, and six additional statewide campuses, along with education centers serving every county. USU Online educates students from all 50 states and 55 countries. For over 25 years, USU Extension has served and engaged Utahns in all of Utah's counties.

Competing at the NCAA Division I level, USU is a proud member of the Mountain West Conference and will join the Pac-12 Conference beginning in the 2026-2027 season. [The Aggies'](#) long-standing tradition of athletic and academic excellence is exemplified by conference championships in multiple sports, reflecting USU's commitment to perseverance and achievement.

Utah State is dedicated to fostering a community where all individuals feel respected, valued, and supported. We seek to recruit, hire, and retain people from all walks of life who will champion excellence in education, research, discovery, outreach, and service. We believe that promoting a strong sense of community and belonging empowers and engages all members of USU to thrive and be successful. Forbes recognized our commitment to employees when they named [Utah State the best employer in Utah](#) in 2023. [Learn more](#) about USU.

The university provides a [Dual Career Assistance Program](#) to support careers for partners who are also seeking employment. Additionally, USU is committed to providing access and a reasonable accommodation for individuals with disabilities. To request a reasonable accommodation for a disability, contact the university's ADA Coordinator in the Office of Human Resources at (435) 797-0122 or hr@usu.edu.
