Faculty

Position Type: Benefited Full-Time

Job Classification: Faculty College: College of Engineering

**Department:** Electrical & Computer Engineering

Advertised Salary: Commensurate with experience, plus excellent benefits

#### Overview

The Department of Electrical and Computer Engineering at Utah State University is seeking applications for a tenure track faculty position at the assistant professor level. Applicants with experience may be considered at the associate or full professor level. Candidates should have expertise in space systems engineering in areas such as: 1) Space based electro-optical or RF sensors systems, 2) Space weather sensor systems, or 3) Spacecraft systems engineering (small satellites, spacecraft instrumentation, space mission design).

This is an academic year (9 month) funded position.

### Responsibilities

- Develop an externally funded research program that includes peer-reviewed publications and graduate student mentorship
- Effectively teach undergraduate and graduate courses
- Actively participate in assigned department and university duties
- Demonstrate leadership in relevant technical societies

#### Qualifications

### **Minimum Qualifications:**

- 1. An earned doctorate in an appropriate field by the time of appointment
- 2. Demonstrated expertise in space systems engineering such as the research areas described above
- 3. An ability to teach in the areas of expertise solicited

### **Preferred Qualifications:**

1. Experience building spacecraft and/or instrumentation and/or participating in real missions

Posted Oct. 30, 2025, set to expire Feb. 25, 2026

- 2. Track record of research funding
- 3. Evidence of effective teaching
- 4. An established publication record

### **Required Documents**

Along with the online application, please attach:

 Curriculum Vitae to be uploaded at the beginning of your application in the Candidate Profile under "Resume/CV".

The docments listed below to be uploaded at the beginning of your application in the Candidate Profile under "Documents 1-10"

- Cover letter summarizing motivation, qualifications, experience, and career goals.
- Names and contact information of at least three professional references (we will only solicit reference letters from final candidates).
- A concise statement of up to three pages that conveys your vision of how your proposed research program will: 1) address specific topical areas in your research area, 2) complement existing ECE Department research, and 3) integrate with other interdisciplinary research/faculty collaborators at USU.
- A teaching statement (two pages maximum) that explains your approach to teaching and briefly describes existing or new courses you would like to teach or develop.
- Your most relevant peer-reviewed publications.

# Advertised Salary

Commensurate with experience, plus excellent benefits

The ECE Department has current enrollments of approximately 300 undergraduate and 75 Masters and PhD graduate students. The department offers MS degrees in Electrical Engineering, Computer Engineering, and Space Systems Engineering, and PhD degrees in Electrical Engineering. The department currently has 20 tenured/tenure-track faculty members and 2 professors of practice, with research expenditures of about \$10M annually. USU is located in a spectacular Rocky Mountain valley that offers year-round recreation and is 80 miles north of Salt Lake City.

Formal evaluation of the applications will begin on November 1, 2024 and the search will continue until the position is filled.

Further inquiries should be made to:

Scott Budge

Search Committee Chair

Email: scott.budge@usu.edu

## **University Highlights**

Founded in 1888, Utah State University is Utah's premier land-grant, public service university. As an R1 research institution, Utah State is dedicated to advancing knowledge and serving the public good through innovative research and scholarly activities that are grounded in reciprocal engagement with local, regional, and global communities. USU prepares students to be active, civically engaged leaders who are prepared to address critical societal challenges. Dedicated to providing a high-quality and affordable education, USU remains a leader in research, discovery, and public impact.

USU enrolls 28,900 students, both online and in person at <u>locations throughout the state.</u> Utah State's 30 locations include a main campus in Logan, Utah, residential campuses in Price and Blanding, and six additional statewide campuses, along with education centers serving every county. USU Online educates students from all 50 states and 55 countries. For over 25 years, USU Extension has served and engaged Utahns in all of Utah's counties.

Competing at the NCAA Division I level, USU is a proud member of the Mountain West Conference and will join the Pac-12 Conference beginning in the 2026-2027 season. <u>The Aggies</u>' long-standing tradition of athletic and academic excellence is exemplified by conference championships in multiple
