Job Description

MARQUETTE UNIVERSITY'S DEPARTMENT OF MECHANICAL ENGINEERING invites applications for a tenure-track position in mechanical engineering at the Assistant or Associate Professor level. Applicants with expertise in engineering mechanics are particularly encouraged to apply. Applicants must have a doctorate in mechanical engineering or related area. Candidates are expected to teach undergraduate and graduate (MS/PhD) courses in their area of specialization and establish an externally funded research program. Candidates who can collaborate within the college will be given preference.

**Assistant Professor or Associate Professor (tenure track)

Marquette University, founded in 1881, is a comprehensive university located in downtown Milwaukee, Wisconsin. Milwaukee provides access to a variety of cultural and entertainment amenities such as theater, music venues, major sports franchises, as well as easy access to a variety of year-round outdoor recreational activities. Marquette has reported a record \$49.1 million in research and development expenditures in fiscal year 2024.

Marquette's College of Engineering, the largest Catholic, Jesuit College of Engineering in the nation, is committed to preparing graduates to be leaders in innovation and research on a global stage. More than 500 engineering and technology companies engage with Marquette to hire our students for co-ops, internships and full-time opportunities. Marquette University's Department of Mechanical Engineering offers graduate degrees at the master's and PhD levels and is developing several undergraduate concentrations such as interdisciplinary applied supply chain, engineering & technology.

EEO/AA Policy

It is the policy of Marquette University to provide equal employment opportunities (EEO) to all employees and applicants without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, protected veteran status or any other applicable federal or state-protected classification.
