faculty position in the areas of Dynamics, Vibrations or Mechanical Design. This position is a full-time, tenure-track faculty position at the assistant or associate professor level commensurate with experience and accomplishments. The appointment begins August 1, 2026.

The Mechanical Engineering program is ABET accredited and is wholly undergraduate. The successful candidate will be expected to teach undergraduate mechanical engineering courses, mechanical design courses, advise/supervise student projects and research, and enhance current departmental research areas.

Minimum Qualifications:

Candidates must have an earned doctorate in mechanical engineering, or a related discipline, and must have excellent teaching and communication skills.

Additional Considerations:

Industry experience, especially in the areas of mechatronics and/or machine design, and professional registration are preferred.

Applicants should provide a detailed curriculum vita that contains at least three references (with addresses and phone numbers), a clear statement of their teaching interests and philosophy, and a brief summary of their research interests with the application.

Applications accepted until the position is filled.

EEO/AA Policy

VMI is an Equal Opportunity Employer. In a continuing effort to enrich its academic environment and provide equal education and employment opportunities, VMI encourages women, minorities, disabled individuals, and veterans to apply. AmeriCorps, Peace Corps, and other national service alumni are also encouraged to apply. VMI will provide reasonable accommodation to qualified individuals with documented disabilities to ensure equal access and equal opportunities with regard to employment, educational opportunities, programs and services.
