Job Description

The Systems Engineering Department at the Naval Postgraduate School invites applications for multiple full-time, resident, non-tenure-track Lecturer and Senior Lecturer positions. Start dates are negotiable and may be as early as January 2026.

The mission of the Naval Postgraduate School (NPS) is to provide relevant and unique advanced education and research programs to increase the combat effectiveness of commissioned officers of the Naval Service to enhance the security of the United States. In support of the foregoing, and to sustain academic excellence, NPS and the DON foster and encourage a program of relevant and meritorious

research which both supports the needs of Navy and Department of Defense while building the intellectual capital of Naval Postgraduate School faculty.

The Department of Systems Engineering is highly recognized for the quality of its educational programs and research as evidenced by being ranked in the top 25 of graduate programs in the nation by USNWR in the industrial, manufacturing, and systems engineering category. The Department of Systems Engineering comprises 20 faculty and staff members who support over 300 graduate students, including 20 Ph.D. candidates, across both resident and distance-learning delivery modalities. The Naval Postgraduate School is located in beautiful Monterey, CA. Further information on the Systems Engineering department is available at <https://nps.edu/web/seet>.

To apply, send a cover letter and curriculum vita to Chair of the Faculty Hiring Committee, Department of Systems Engineering, Naval Postgraduate School, 1 University Drive, Monterey, CA, 93943. The search committee is presently reviewing applications. Email: SEhire@nps.edu.

Application packages will be reviewed on a rolling basis. This announcement will remain open until the position(s) are filled. The successful candidate will be expected to teach up to eight graduate-level courses per year.

IF YOU ARE A VETERAN, you are strongly encouraged to: Identify your Veterans' Preference on your resume or elsewhere in your application package (type of preference, dates of service, date of VA letter, character of service, etc.) Additional Veterans' information: If you are not sure of your preference eligibility, visit the Department of Labor's website: <https://www.dol.gov/agencies/vets>. For more veterans' preference information, visit: <https://www.fedshirevets.gov/job-seekers/veterans/veterans-preference>.

The NPS is an equal opportunity / affirmative action employer. Eligibility for a security clearance and hence US Citizenship are required. For all positions, salary is competitive and depends upon qualifications. Relocation package including recruitment/relocation incentive may be authorized in accordance with applicable regulations.

The minimum qualification for a non-tenure-track position is an MS degree in engineering, with preference for systems engineering or a closely aligned field, and 10 or more years experience working as a system engineer, working in systems acquisition, or working in the defense and/or aerospace industry. We seek faculty with expertise in one or more of the following sub-disciplines/domains: systems engineering methodology, systems architecture and integration, model-based and digital systems engineering, combat systems (sensors, weapons, C4ISR, autonomous systems), system of systems engineering, system manufacturing development and production, engineering economics and

cost estimation, system engineering applications.

Candidates advancing beyond screening will be asked to provide three letters of reference and an official transcript of their highest degree claimed. (Applicants with foreign education will be required to select from a list of private organizations that are members of the National Association of Credential Evaluation Services, Inc. (NACES), which provide foreign education evaluations acceptable to NPS.) Initial consideration of applications will begin immediately and continue until the positions are filled.
