(Permanent, Non-Tenure-Track Position)

The Department of Electrical & Computer Engineering at Florida A&M University-Florida State University College of Engineering is pleased to invite applications from highly qualified individuals for teaching faculty positions in the field of Electrical and Computer Engineering in Tallahassee, Florida. This position is at the Teaching Faculty-I level, but well-qualified candidates will be considered for a higher rank.

We are interested in candidates with a background in Electrical & Computer Engineering, particularly in areas such as Electromagnetic Fields, Computer Engineering, Electronics, or Capstone design projects. Other areas of Electrical and Computer Engineering will also be considered, particularly if they complement the department's existing strengths.

The ECE Department currently has ~32 faculty members, around 100 graduate students, and over 500 undergraduate students, with annual research expenditures exceeding \$20 million. Currently, the department offers Electrical Engineering BS, MS, and PhD degree programs, and Computer Engineering BS degree programs. The ECE Department is applying to add Computer Engineering MS and PhD degree programs. The Department has outstanding research facilities housed within the Center for Advanced Power Systems (CAPS) and the college building in the areas of electrical and computer engineering. Potential applicants seeking more information are encouraged to visit our websites at <https://www.eng.famu.fsu.edu/ece> and <https://caps.fsu.edu/>.

The FAMU-FSU College of Engineering serves as the nexus of two major public universities, each with a distinct mission yet focused on delivering world-class engineering education and research. Created by the Florida Legislature in 1982, the joint institution is the College of Engineering for both Florida A&M and Florida State universities. This unique combination of focus, resources, and mission from our parent institutions has created on our campus a truly innovative atmosphere that leverages the benefits of the traditional HBCU model with the innovations of an R-1 public research university. After completing the pre-requisites at their home institution, FAMU and FSU students learn, study, and research together at our independent campus with jointly appointed faculty and staff. Students graduate from their enrolling university and from the FAMU-FSU College of Engineering. Both FAMU and FSU are part of the State University System of Florida and are accredited by the Southern Association of Colleges and Schools Commission on Colleges. Additionally, all seven of the college's eligible undergraduate degree programs are accredited by the Engineering Accreditation Commission of ABET (<https://www.abet.org>).

Candidates must possess an earned Ph.D. in Electrical or Computer Engineering or a closely related

discipline, demonstrate the ability to teach large classes, and have a strong interest in using technology in engineering education. The successful candidate is expected to have a strong commitment to teaching excellence in undergraduate and graduate courses and participate in college and professional service.

If qualified and interested in the position, applicants should apply to Florida State University at <https://hr.fsu.edu/facultyjobs>, Job ID: 61654, with the following documents:

1. A cover letter
2. A full curriculum vitae
3. A 2-page teaching statement. This statement should clearly indicate how the proposed teaching plan aligns with existing courses in the department and at both universities.
4. A 1-page research statement (optional)
5. Two selected publications for review (optional)
6. The names and contact information of four potential references

Application review will begin on **February 1, 2026**. Acceptance and review of applications will continue until the position is filled. The appointment is anticipated to begin in August 2026. Any questions about the position should be directed to Dr. Bruce Harvey, Search Committee Chairperson, at bharvey@eng.famu.fsu.edu.

Criminal Background Check

This position requires successful completion of a criminal history background check. The background check will be conducted as authorized and in accordance with University Policy 4-OP-C-7-B11.

Equal Employment Opportunity

Florida A&M University and Florida State University Are Equal Employment Opportunity Employers.
