Job Description

Nazarbayev University’s School of Engineering invites applications for full-time faculty positions, beginning in January, 2017 in the Department of Mechanical Engineering. Applicants should be of an Assistant Professor rank with Aeronautical Engineering expertise in the following application areas:

1. Aerodynamics
2. Aerospace Materials
3. Structures
4. Propulsion
5. Flight Mechanics
6. Stability and Control

We seek candidates with a commitment to excellence in both research and teaching. Applicants should possess an earned PhD or equivalent degree. They are expected to have publications in reputable
journals and conferences in their area of expertise. Applicants will be favorably considered if they possess industry experience and their interests align with that of the Department.

With innovation and research as its core values, the Department focuses in Fluid Mechanics, Energy Systems and Conversions, Control and Automation, Non-Conventional Machining Processes, Aerodynamics, Fire Engineering and Air Quality.

The Department offers programs for Bachelors, Masters, and PhDs, attracting the best students in the country. With the aim of a low student-to-faculty ratio of 10:1, the bachelor program emphasizes on inquiry based learning through research and applications.

As Nazarbayev University is aspiring to be an international research institution, we are recruiting and maintaining a diverse group of academics with similar interests. For informal enquiries, please contact the Head of Department, Professor SL Teh at soolee.teh@nu.edu.kz.

Initial appointment is on a 3-year contract and subsequent contracts can be of 3 or 5 year durations. An international attractive remuneration package will include:

- A competitive salary;
- A startup grant for conference travels and building collaborations;
- Paid leave of 56 days per annum;
- Two round trip flights for the appointee and dependents home per annum;
- International health insurance;
- Rent-free housing for the appointee and dependents;
- Assistance for relocation expenses including shipment allowance and air fares for the appointee and dependents; and,
- An educational allowance for dependent children.

The NU campus is located in the capital of Kazakhstan, Astana. Incoming faculty will enjoy a cosmopolitan living experience, interwoven with traditional cultural influences in food and entertainment. The social life offers a rich and vibrant atmosphere with a range of restaurants, bars, theaters, museums, modern and traditional bazaar shopping areas, sporting venues and much more.

Review of applications begins in November, 2017 and continues until positions are filled. Only shortlisted candidates will be notified. Interested candidates are encouraged to find out more about NUENG at seng.nu.edu.kz. Skype interviews will be scheduled for shortlisted applicants during by November 15, 2017.

To apply, submit a cover letter and CV, together with the names and contact details of two referees, to
