Computing and Engineering Accreditation Commissions of ABET, respectively.

We are looking for outstanding candidates from all areas of computer science and software engineering who embrace the mission and vision of Rose-Hulman to join our collegial team of 21 faculty. Candidates who can broaden and enhance the educational experience of our students and department are especially encouraged to apply. Rose-Hulman offers an interdisciplinary robotics minor, an ongoing research project on human-robot collaboration and the National Academy of Engineering's Grand Challenges program among its vibrant interdisciplinary initiatives.

For the tenure track faculty positions, a doctorate or near completion in computer science, software engineering or a closely related field or equivalent industry experience is required.

For the visiting faculty positions, a doctorate or near completion in computer science, software engineering or equivalent industry experience, or master's degree with comparable experience is required.

Essential job responsibilities include teaching and advising students, continued professional development, and service to the department, institute and professional community. Applicants should submit a cover letter, a curriculum vita or resume, a statement on their teaching philosophy and practices, and a statement of their professional development goals to <https://jobs.rose-hulman.edu>. Applicants who advance through the initial screening will be asked for three references who will submit recommendation letters.

Detailed information is available from J.P. Mellor, Head of Computer Science and Software Engineering, mellor@rose-hulman.edu, 812-877-8085. Initial review of completed applications will begin December 1. Applications will be accepted until the positions are filled. EEO/AA
