Job Description

The [Department of Biomedical Engineering](#) in the School of Engineering and Applied Sciences at University at Buffalo, The State University of New York sincerely invites applications for faculty positions at the rank of **Assistant/Associate/Full Professor**. We are particularly looking for candidates who can operate effectively in a team environment and in a diverse community of students and faculty and share our vision of helping all constituents reach their full potential.

The Department of Biomedical Engineering is a joint venture between the School of Engineering and Applied Sciences and the Jacob's School of Medicine and Biomedical Sciences. Previous University investments in faculty and facilities have enabled the Department to position itself as a key player in the expanding biomedical and biotechnology corridor in the Buffalo-Niagara region.

The School of Engineering and Applied Sciences at the University at Buffalo (UB) is leveraging an unprecedented faculty hiring opportunity to build on existing strengths at UB in personalized health and wellness. The Department of Biomedical Engineering is interested in candidates whose research and expertise are in personalized health and wellness including but not limited to personalized medicine, personalized devices, wearable biosensors, bio-MEMS, tissue engineering, biomedical artificial intelligence, and more.

Successful candidates will be expected to teach courses at the graduate and undergraduate levels, mentor graduate students, advise students at all levels and maintain an active research program.

Successful candidates will be expected to collaborate with scientists, engineers and clinicians in a multidisciplinary research environment spanning all Schools of the University as well as the Gates Vascular Institute, The Jacobs Institute, the New York State Center for Excellence in Bioinformatics & Life Sciences and Roswell Park Comprehensive Cancer Center. The newly launched Innovation Hub provides opportunities and resources to commercialize technology and launch new companies.

Outstanding Benefits Package

Working at UB comes with benefits that exceed salary alone. There are personal rewards including comprehensive health and retirement plan options. We also focus on creating and sustaining a healthy mix of work, personal and academic pursuit - all in an effort to support your work-life effectiveness. Visit our benefits website to learn about our [benefit packages](#).

About The University at Buffalo

The University at Buffalo (UB) #ubuffalo is one of America's leading public research universities and a flagship of the State University of New York system, recognized for our excellence and our impact. UB is a premier, research-intensive public university dedicated to academic excellence. Our research, creative activity and people positively impact the world. Like the city we call home, UB is distinguished by a culture of resilient optimism, resourceful thinking and pragmatic dreaming that enables us to reach others every day. Visit our website to learn more about the [University at Buffalo](#).

About Buffalo

Buffalo is a city with a rapidly growing economy, eclectic neighborhoods, world-class art galleries and museums, a vibrant theater and music community, the Lake Erie waterfront, a city-wide system of parks designed by renowned landscape architect Frederick Law Olmsted, and major and minor league sports teams. The awe-inspiring Niagara Falls is just 20 minutes away. The department is located on the UB North Campus in suburban Amherst, an area that combines outstanding public schools and services with a surprisingly low cost-of-living.
