Engineering. These positions start in August, 2024. Anderson University is an innovative, entrepreneurial, premier comprehensive, liberal arts institution affiliated with the South Carolina Baptist Convention.

Anderson University recognizes three paths for status in faculty employment: Annual Appointment, Professional Path, and Tenure-Track. Annual Appointed faculty are hired as Instructors focused on teaching and learning. Faculty hired in the Professional Path focus on teaching, learning and service. After six years of exemplary performance, they may promote through faculty ranks and may become eligible for multi-year contracts. Tenure-Track faculty focus on teaching and learning, service; and scholarship as well. After six years of exemplary performance, Tenure-Track faculty earn tenure and may promote through faculty ranks. All three paths are evaluated for mission fit.

For the Computer Engineering positions, candidates should be prepared to teach courses in computer engineering to include foundational computer engineering courses, computer architecture, artificial intelligence, augmented reality, VLSI design, and computer engineering capstone in Anderson, South Carolina as well as online courses.

For the Electrical Engineering position, candidates should be prepared to teach courses in electrical engineering to include foundational electrical engineering courses, electromagnetic theory, power systems, and electrical engineering capstone in Anderson, South Carolina as well as online courses.

These are on-site, in-person roles. These full-time faculty positions require a Ph.D. in Computer Engineering, Electrical Engineering, Electronics Engineering, Software Engineering or similar program from a regionally-accredited institution. Preference will be given to candidates with backgrounds and teaching experience in hardware, networking, embedded systems, augmented reality, artificial intelligence, power systems, communications, instrumentation, and signal processing. All candidates must have a record of successful impactful teaching at the undergraduate or graduate level. Industry experience or substantial research in the candidate's field of expertise is preferred.

To ensure full consideration, please send a letter of application, curriculum vita, statement of teaching philosophy, and an Anderson University Faculty Application to:

Ann Stoddard, Administrative Assistant, College of Engineering / Anderson University / 316 Boulevard / Anderson, SC 29621

Electronic submissions are preferred and should be sent by email to [coenjobs@andersonuniversity.edu](mailto:coenjobs@andersonuniversity.edu)

### **EEO/AA Policy**

#### **About our Commitment to Diversity**

Anderson University is a private Christian institution of higher education committed to developing a diverse campus and culture that is reflective of God's Kingdom and biblical unity. Anderson University does not illegally discriminate on the basis of race, color, national or ethnic origin, sex, pregnancy, disability, age, religion, genetic information, veteran or military status, or any other basis on which the University is prohibited from discrimination under applicable local, state, or federal law, in its employment or in the provision of its services, including but not limited to its programs and activities, admissions, educational policies, scholarship and loan programs, and athletic and other University-administered programs.

The dedicated faculty and staff of Anderson University are committed to assuring a Christ-centered educational environment of excellence. In order to fulfil its religious tenets, and as recognized by law, those seeking employment at the University must be of the Christian faith and agree to respect and not undermine the University's mission, values, vision, and Statement of Faith. Inquiries related to our commitment to diversity may be directed to [HR@andersonuniversity.edu](mailto:HR@andersonuniversity.edu).
