the School is renowned for its high academic standards and extensive research activities. To support advanced research, the School hosts 13 research centres which are well equipped with sophisticated and state-of-the-art equipment. Besides the 13 centres, there are more than 60 laboratories, supporting both the teaching and research activities in the School.

NTU EEE is now one of the top-ranked schools in the world, ranked 2nd globally by subject in the U.S. News and World Report Best Global Universities Rankings 2023 and 9th worldwide in the QS University Rankings by Subject 2023 (Electrical and Electronic Engineering).

Join the School of Electrical and Electronic Engineering, College of Engineering, Nanyang Technological University, Singapore as a faculty member and embark on a challenging and exciting career in teaching and research excellence, so as to prepare engineering leaders of the future.

The School invites applications for one non-tenure-track Senior Lecturer/Lecturer position in Integrated Circuit Design.

Position Description

Applicants should have PhD degree in electrical and Electronic Engineering, or a closely related discipline. Candidates who have a Master degree and extensive industry or vocational experience may also be considered. A strong background and teaching experience in one or more of the following areas: RF Integrated Circuits and Systems, Mixed-Signal Integrated Circuits and Systems, Circuits and Systems for Artificial Intelligence, Power Management Circuits and Systems, Ultra-low Power Circuits and System, Digital Circuits and Systems, Hardware Description Language, would be an advantage.

Fresh PhD graduates would be considered but preferences are given to candidates with relevant working/teaching experience in Universities.

Responsibilities

The successful candidates are expected to teach courses in the fields of Integrated Circuit Design at the undergraduate and postgraduate levels and supervise undergraduate and postgraduate students.

Application

Applicants are invited to submit their applications (cover letter, CV, research and teaching statements, and citation report, where applicable) through the NTU career portal.

Review of applications and shortlisting of applicants will be carried out on an on-going basis until the positions are filled. Only shortlisted candidates will be notified.
