Job Description

The Department of Product Design seeks applicants for a part-time faculty position to teach PRD 371, Ergonomics. This 1-credit course, delivered to Product Design and Biomedical Engineering students, introduces a range of human factors and ergonomics-related concepts and case studies, highlighting the impacts of design decisions on the equipment people use, the environments in which they function, and the jobs they perform.

Interested applicants should complete an online application and include a CV/Resume.
