Job Description	

Position Description

The Erik Jonsson School of Engineering and Computer Science at The University of Texas at Dallas invites applications for an Assistant Professor of Instruction position in the Department of Electrical and Computer Engineering. Qualified candidates must have a PhD in Electrical Engineering, Computer Engineering, or a closely related field, and a strong commitment to undergraduate and graduate education. All areas in electrical engineering will be considered. Candidates with expertise or teaching experience in computer engineering or digital systems are especially encouraged to apply.

Job duties: Demonstrate a commitment to teaching excellence. Prepare and teach undergraduate

and/or graduate classes. Contribute assessment information and data as requested. Mentor and/or advise undergraduate and/or graduate students. Engage in service within the academic unit, the university, and the profession as appropriate based on teaching constraints. Teach 7-8 classes each academic year. The appointment commences for the fall 2024 semester.

Qualifications

Minimum Education and Experience: A PhDor equivalent in Electrical Engineering, Computer Engineering or a related discipline is required prior to employment. Candidates are expected to demonstrate the ability to work effectively in a highly collaborative, engaging, and dynamic environment comprised of individuals with a range of backgrounds, skills, and perspectives. We are seeking candidates able to deliver high quality teaching using evidence-based practices to effectively engage students from a range of backgrounds and experiences.

The Department/Program/School

The Department of Electrical and Computer Engineering at UT Dallas was founded in 1986, offers BS, MS, and PhD degrees, and, according to US News and World Report, is ranked 51st among all universities and 29th among all public universities. In Texas, ECE is ranked 3rd in its field. The department is home to more than 1,000 undergraduate students, 500 graduate students, and 52 faculty. Our faculty are highly decorated with many NSF CAREER, NSF, DoD, and industrial awards, averaging to $15M of annual research expenditures. The close proximity to the UT Southwestern Medical Center and joint graduate programs offers outstanding opportunities for collaborative research.

Application Instructions

Applicants should upload the following:

- Full curriculum vitae and cover letter summarizing their interests and qualifications for the position.
- Statement of teaching philosophy describing their conceptualizations of teaching and learning, and teaching and assessment methods, and how their teaching practices will engage students from a range of backgrounds and experiences.

Assistant Professor of Instruction in Electrical and Computer Engineering
University of Texas at Dallas

- Full contact information for at least three academic or professional references.

Reviews will commence as completed applications are received and will continue until the position is filled or the search is closed on July 31, 2024. Priority will be given to completed applications received by April 30, 2024.
