Job Description

UPDATED REVIEW DATE TO MARCH 31, 2024

The Department of Biosystems Engineering (www.eng.auburn.edu/bsen), College of Agriculture at Auburn University is seeking applications from qualified individuals for the position of Lecturer in Machine Systems Engineering. This is a non-tenure track 9-month faculty appointment with typical teaching load of three 3-credit hour courses per academic semester. There is the possibility of additional compensation during the summer semester in activities related to teaching, research, or outreach. **The projected start date is August 1, 2024.**

Responsibilities: The successful candidate will be responsible for teaching courses that focus on agricultural machinery systems and technologies such as agricultural power and machinery, mechanical power, precision agriculture, hydraulic controls, technology design, and systems analysis for agricultural operations. In addition, the successful candidate will (a) provide career counseling for students in the two majors in the department - biosystems engineering major and biological and technology management major; (b) provide leadership to the profession through state and national
