Job Description

Assistant Professor of Mechanical Engineering

Image not found or type unknown

Description

The School of Engineering at the University of Mount Union invites applicants for a tenure-track faculty position at the assistant professor rank to begin August 1, 2024. We seek an educator-scholar with emphasis in mechanical engineering. The School of Engineering currently offers four ABET-accredited programs in biomedical, civil, computer, and mechanical engineering.

Responsibilities

Candidates must demonstrate a strong commitment to excellence in undergraduate engineering education in a liberal arts setting. Industrial experience is highly desirable. Primary responsibilities include developing the engineering design curriculum, teaching capstone design, CAD, and

manufacturing, and participating in the ABET accreditation process. Willingness and flexibility to teach both a variety of mechanical engineering including introductory engineering and general education courses is desired, as well as an interest in participating in the school's unique global engineering course and field experience. Additional responsibilities include advising mechanical engineering students, industrial outreach leading to student internship and employment opportunities, engaging in professional development and scholarly activities, and participation in faculty governance. The School is interested in candidates who will contribute to diversity in higher education through their teaching, research, and service. Members of underrepresented demographics in Engineering are encouraged to apply.

Qualifications

Ph.D. in mechanical engineering or a closely related field. A bachelor's degree in mechanical engineering is required.

Candidates should provide (i) a letter of interest, (ii) curriculum vitae, (iii) contact information of three professional references, (iv) a statement on diversity, and (v) a statement reflecting on experiences or impressions of High Impact Teaching Practices (<https://www.aacu.org/trending-topics/high-impact>) to the Mechanical Engineering Search Committee in a single pdf. Electronic Applications are required and can be submitted online at <http://www.mountunion.edu/employment>. Please contact the search committee chair, Dr. Shehla Arif, at arifsh@mountunion.edu with any questions. Review of applications will begin March 25, 2024 and will continue until the position is filled.

The University of Mount Union, a private Midwestern institution founded in 1846, offers a rigorous and relevant academic program that is grounded in the liberal arts. Mount Union's 2,300 students can select from 56 broad-based and career-specific undergraduate majors and three graduate programs. Known for its personal approach, the institution boasts a 13:1 student-faculty ratio. Mount Union's 123-acre campus, located in Alliance, OH, is primarily residential, and \$110 million has been invested in its grounds and facilities since 2005. The University strives to make its education accessible to students of all financial backgrounds, and alumni experience outstanding opportunities for success.

This position is required to complete assigned University compliance training as communicated by the University.

The specific statements shown in each section of this description are not intended to be all-inclusive. They represent typical elements and criteria necessary to successfully perform the job. When requested, reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions of the job.
