deemed necessary. The Dean reports to the Provost and is responsible for advancing the College and University Mission by providing leadership to the following activities:

Leadership and Administration:

- Provide visionary leadership for the College of Engineering, aligning academic goals with the overall mission and strategic plan of AUIB.
- Oversee the day-to-day operations, budgetary matters, and administrative functions of the College.
- Enrich, maintain, and expand the relationship that AUIB has with Lawrence Technological University.

Academic Excellence:

- Promote and maintain high academic standards, fostering a culture of excellence in teaching, research, and service.
- Develop and implement innovative academic programs that meet the evolving needs of the engineering industry.

ABET Accreditation:

- Demonstrate expertise and experience in seeking or maintaining ABET accreditation through self-study and site visits.
- Ensure continuous improvement of academic programs to meet ABET standards and criteria.

Enrollment Growth:

- Develop and execute strategies to enhance student enrollment in engineering programs.
- Collaborate with the admissions team to market engineering programs effectively to attract a diverse and qualified student body.

Research and Innovation:

- Foster a culture of research and innovation within the College, encouraging faculty and students to engage in meaningful research projects.
- Seek external funding opportunities and partnerships to support research initiatives.

Faculty Development:

- Recruit, mentor, and retain a diverse and qualified faculty.
- Support faculty in professional development, research, and pedagogical innovation.

Community Engagement:

- Cultivate relationships with industry partners, government agencies, and the broader community to enhance opportunities for internships, cooperative education, and collaborative research.

Student Success:

- Implement initiatives that promote student success, including academic support services, career development, and experiential learning opportunities.

Financial Management:

- Manage the financial resources of the College efficiently, ensuring the responsible allocation of funds to support academic and operational needs.

EDUCATION AND EXPERIENCE:

- A Ph.D. in Engineering or a closely related field.
- Proven experience in academic leadership, preferably as a dean or in a similar administrative capacity.
- Demonstrated experience in seeking or maintaining ABET accreditation.
- Strong commitment to academic excellence, innovation, and student success.
- Excellent communication and interpersonal skills.
- Ability to collaborate effectively with faculty, staff, students, and external stakeholders.

The American University of Iraq - Baghdad is an equal opportunity employer and encourages candidates from diverse backgrounds to apply.
