Job Description

The Bioengineering Department at King Fahd University of Petroleum and Minerals (KFUPM) is seeking highly motivated and qualified individuals to join our team as faculty members. KFUPM is a leading engineering university in the Middle East, and we are committed to providing our students with an exceptional education in bioengineering.

The Bioengineering Department is a new and rapidly growing department. We offer a BSc and MSc degrees in bioengineering and life sciences. Our research areas include bioinformatics, biosystems, and biomaterials.

**Faculty Position (Assistant/ Associate Professor and
Professor)
King Fahd University of Petroleum and Minerals**

We are seeking candidates with expertise in one or more of the following areas:

- Bioinformatics: Biomarkers Discovery, Biologics Design, Personalized Medicine, artificial intelligence (AI).
- Biosystems: Biodevices, Diagnostic Assays, Biosensors, BioMEMS, Medical Technologies.
- Biomaterials: Nanomedicine, Drug Delivery Systems, Nanovaccines, Tissue Engineering.

Qualifications:

- A Ph.D. bioengineering or a related field
- A strong record of research and scholarship
- A commitment to teaching and mentoring students
- Experience in working in a collaborative environment

Benefits:

- Competitive, tax-free salary based on qualifications and experience
- Free furnished faculty housing, including utilities and maintenance
- Annual repatriation air tickets for faculty and immediate family members
- Local tuition fees coverage for school-age children
- Two months of paid summer leave
- Free health care services at the KFUPM Clinic

Responsibilities:

- Conduct cutting-edge research in the areas mentioned above, aiming for publication in high-impact journals and securing external funding.
- Develop and teach core undergraduate and graduate courses in bioengineering, ensuring effective delivery and student engagement.
- Supervise graduate students, providing guidance and mentorship throughout their research journey.
- Contribute to departmental growth and development through committee participation, outreach activities, and collaboration with colleagues.
- Maintain active professional networks and engage in scholarly activities beyond research and teaching.
