The School invites applications for the permanent position of Lecturer in Environmental Engineering.

QUALIFICATIONS AND REQUIREMENTS:

A Doctoral degree in Environmental Engineering, Chemical Engineering or related field will be advantageous. Consideration will be given to exceptional applicants with either a Masters degree or are currently completing their Masters degree and great potential in pursuing a Doctoral degree in environmental engineering. If appointable, a candidate who has not completed their Masters degree shall only take up the position upon confirmation of the qualification. A Bachelors degree in Civil Engineering, Chemical Engineering or related engineering field is essential. The successful candidate will have a research interest or experience in Environmental Engineering. Evidence of teaching and research is essential. Professional registration eligibility for professional registration is essential.

DUTIES:

Commensurate with the rank of appointment, the successful applicants will be expected to teach discipline-related engineering courses as well as other basic civil engineering topics at undergraduate level, participate in academic administration, supervise the research of undergraduate and postgraduate students and lead a postgraduate coursework programme and develop a productive research programme.

Enquiries:

Professor Mike Otieno; Head of the School of Civil and Environmental Engineering: E-mail Mike.Otieno@wits.ac.za.

TO APPLY:

Please submit a covering letter, and a detailed CV with the names and contact details (preferably e-mail) of three referees, publication and citation metrics as well as certified copies of degrees/diplomas and SA Identity document / passport if not South African Citizen. External applicants are invited to apply by registering on the Wits i-Recruitment platform located at <https://irec.wits.ac.za>

. Internal employees may apply directly on Oracle Self-Service on the Wits Intranet by selecting “Apply for a job”.

• **Closing date: 31 March 2024**

Please note that given the thrust of the University’s strategic plan on transformation, preference may be given to applicants from the under-represented designated groups in terms of the relevant employment equity plans and policies of the University.
