expected to provide leadership and oversight of the academic, intellectual, strategic and administrative affairs of the school. The key roles will be to attract, motivate and retain talented staff, and contribute effectively to NTU's ambitions to provide Singapore, the region, and society globally the knowledge and technologies needed to advance economies, support national development and sustainability.

Applicants should have a distinguished record of teaching, research and scholarship and the ability to advance the School's academic excellence, research, and professional education.

Applicants should also have the drive, desire, and experience to provide academic leadership, both internally within EEE, and externally to continue to build NTU's reputation as a global leading institution with international importance and recognition in the field.

Applicants must have a PhD in Electrical and Electronic or a related field and would normally already hold a tenured Professorial position in a university or equivalent institution.

The School of EEE seeks a diverse and inclusive workforce and is committed to equality of opportunity. Applications are welcomed from all and recruitment is based on merit, regardless of age, race, gender, religion, disability or marital status and family responsibilities.

Applications should include a full CV with publication list, research and teaching statements and a cover letter describing experience in teaching and leadership, interest in research and vision for the school.

The review of applications and shortlisting decision will be on an on-going basis until the position is filled. Interested applicants can seek more information from the Search Committee Chair Prof Tao Dacheng (SearchCommChair-EEE@ntu.edu.sg).
