Job Description	

Fully funded Ph.D. and MSc positions starting the 2024 Spring Semester

The Department of Civil and Environmental Engineering at Louisiana State University has funded Ph.D. and master's positions in geodesy, Surveying, and Geomatics research areas starting the 2024 Fall Semester. We are looking for self-motivated Ph.D. and Master students to work as research assistants in geodesy, satellite geodesy, surveying, and geomatics.

Required Qualifications:

- Motivation and Passion in Geodesy Research

- A bachelor's or master's degree in geodesy, satellite geodesy, surveying, GIS/geomatics, geophysics, mathematics, physics, civil engineering, geology, earth science, computer science, and/or machine learning.

Preferred Qualifications:

- Background or research experience in one of the areas: physical geodesy, satellite geodesy, surveying engineering, geomatics, geophysics, mathematics, and earth sciences.
- Strong mathematical background and analytical skills.
- Strong programming skills in one of the following, e.g., Matlab, Python, Fortran, C++, or any relevant programming language.

Application:

- Application is open for Fall Semester 2024 for U.S. Citizens, Resident Aliens, and International Students.
- If your qualification matches one of the preferred requirements. You can apply online directly at [Welcome to our Slate Graduate Application Portal! \(lsu.edu\)](#).
- If you have any questions before the deadline (4/15/2023), you are encouraged to email Dr. Ahmed Abdalla (aabdalla1@lsu.edu).
- Please visit
- More information about Graduate admission, including language requirements and GPA cutoff, can be found in [Graduate | LSU Civil & Environmental Engineering](#).

Deadlines:

- **International Students:**4/15/2024
- **Domestic Students:**6/30/2024
