### Job Description

A one-year (extendable) Research Fellow position is available in the School of Civil and Environmental Engineering (CEE), Nanyang Technological University (NTU), Singapore. Main responsibilities of this position include conducting field/laboratory tests and modelling of water infiltration and seepage in soils for a polder land in Singapore, as well as writing project reports and scientific papers. Additionally, the appointee will assist the PI in writing research proposals and supervising students.

### Job Requirements:

- PhD degree in Civil Engineering from reputable universities/institutions
