August 2024. If you're driven by a desire to make a lasting impact and eager to shape the future of the concrete management industry, we want to hear from you! The Concrete Industry Management (CIM) program at South Dakota State University is one of only five such programs in the country. Due to the growth in the Construction Management and Concrete Industry Management programs, the department name will be officially changed to Construction and Concrete Industry Management (CCIM) on July 1, 2024. CIM is a business management program focused on the concrete industry, candidates with a thorough understanding of business and concrete is crucial. This position is supervised by the program director of the Concrete Industry Management program. This position is located in [Brookings, South Dakota](#) and is a 9 Month, full-time, benefits-eligible position.

The current COM department finds its home within the Jerome J. Lohr College of Engineering, one of the eight colleges at South Dakota State University. The vision of the College is to be a nationally recognized, regionally relevant, student-centered, and accessible land-grant college, and achieve the university's mission of providing a rigorous, practical education oriented toward problem-solving, conducting world-class regionally relevant research, and providing technical assistance to existing and emerging business, industry and government.

South Dakota State University promotes access to and opportunities for all to receive the benefit of and participate in education, research, and service and is especially interested in candidates that can contribute to this land-grant mission of access.

Must be authorized to work in the U.S. Sponsorship is not available for this position.

KEY RESPONSIBILITIES:

- Teaching undergraduate level courses and/or laboratories in concrete related disciplines.
- Serve as an undergraduate academic advisor.
- Serve as a mentor/advisor to student design competition teams.
- Serve on department, college, and university committees as assigned.
- Participate in departmental service and operations activities (such as student recruitment, student orientation, assessment, faculty committees, etc.) as assigned.
- Perform functions related to undergraduate program coordination, as assigned.
- Other duties assigned by the program director.

Supervisory Responsibilities:

Supervise instructional lab assistants and other technical/program support personnel as necessary.

SALARY RANGE:

The salary range for this position is commensurate with qualifications. We offer a generous retirement plan that includes 6% matching, 9.34 hours of sick leave each month, and eleven paid holidays. Relocation benefits are available per university's guidelines.

BENEFITS:

South Dakota State University is the state's largest, most comprehensive university with over \$60 million annual research expenditures, more than 200 academic programs and an enrollment of approximately 12,000 students. We offer a rich academic experience in an environment of inclusions and access. The university is part of a dynamic community for families, students, young professionals, and retirees, which offers an abundance of attractions and activities. South Dakota State University offers a wide range of excellent benefits including medical, dental, and flexible benefits, retirement plans, compensation packages, paid holidays, and vacation leave. Employees also have access to internal and state-sponsored training as well as reduced tuition for state-supported courses at all State of South Dakota academic institutions.

MINIMUM QUALIFICATIONS:

- Bachelor's degree with at least 5 years of experience in construction or related industry, or Bachelor's Degree in Concrete Industry Management with at least 2 years of experience in the concrete industry.
- Potential or ability to develop course content and teach at the collegiate level.
- Effective verbal, written, and interpersonal communications skills.
- A valid driver's license or ability to obtain one within 30 days of hire and a willingness to travel.

PREFERRED QUALIFICATIONS:

- Masters' degree or higher in a construction related field accompanied by relevant concrete or construction industry experience.
- Documented evidence of teaching experience.
- Previous supervisory or leadership experience.
- Experience with conducting concrete trial batches in a lab setting.
- Active affiliation with industry organizations (ACI, NRMCA, etc.)

APPLICATION DEADLINE: Position closes to applications on April 26, 2024.

UNIVERSITY AND THE BROOKINGS COMMUNITY:

South Dakota State University is the state's largest, most comprehensive, and the only land-grant university with more than 200 academic programs, an enrollment of approximately 12,000 students, and over \$60 million in annual research expenditures.

South Dakota State University offers a rich academic experience in an environment of inclusion and access through inspired, student-centered education, creative activities and research, innovation and engagement that improve the quality of life in South Dakota, the region, the nation and the world. Its employees embrace the university's core values of being people-centered, expanding knowledge through creativity, embracing organizational and personal integrity, commitment to diversity of thought, and excellence through continuous improvement.

As the state's 1862 Morrill Act land-grant institution, the work of South Dakota State University is carried out on its main resident campus in Brookings, at sites in Sioux Falls, Pierre, Rapid City, and Aberdeen, and through Extension offices and Agricultural Experiment Station research sites across South Dakota.

Jackrabbits Athletics competes as an NCAA Division I member with membership in the Missouri Valley Football Conference, the Summit League and the Big XII for wrestling.

Brookings is home to approximately 24,000 residents and is located 60 miles north of Sioux Falls and 200 miles west of Minneapolis. Brookings is listed as an ideal community for families, students, young professionals and retirees, and is rated among the safest and most vibrant cities in South Dakota.

The Brookings Public School District educates approximately 3,300 K-12 students and ranks among the state's highest academic achieving school districts. The district includes three elementary schools, an intermediate school for fourth and fifth grade, one middle school, and a high school.

The city also boasts an abundance of attractions and activities, including the Children's Museum of South Dakota, Dakota Nature Park, South Dakota Art Museum, McCrory Gardens, South Dakota Agricultural Heritage Museum, Outdoor Adventure Center and the Brookings Summer Arts Festival.
